

DEER HUNTING

Books on deer hunting continue to appear at a pace which would have been unthinkable a quarter of a century ago. Indeed, although I haven't counted, I feel fairly certain there have been more deer books published in the last three decades than had appeared in the entire span of American history prior to that point. Here's an extensive list of books on the sport. In the U.S., shipping is \$5 for first book and \$2.50 for each subsequent book up to a maximum of \$12.50. Postage and handling charges are appreciably higher for foreign/international buyers because such shipments can only go by priority mail rate-- please contact me for a postage quotation. Insurance is extra and recommended (**I USE QUALITY BOXES IN PACKAGING, BUT I KNOW THROUGH HARD EXPERIENCE THAT THE USPS IS LESS THAN TOTALLY PREDICTABLE IN ITS PERFORMANCE**) especially for scarcer items. I retain proof of shipment, insured or not, on all orders. Insurance is \$3 for the first \$100 of coverage and an additional \$1.50 for each subsequent \$100 in value. Books are shipped USPS Media Mail rate because it is far less expensive than alternative methods of shipping. Payment by personal check, cashier's check, money order, or through PayPal. I am a simple, one-man operation and do not accept credit cards.
